100

In 2000, Pain Management Technologies started with electrotherapy equipment. Over the years we have diversified our product offerings and greatly improved technologically. Today our unmatched levels of customer service, product quality, and innovation makes us a leader in the manufacturing of medical devices and health products.

# OUR GUARANTEE

# PRODUCT OFFERINGS

- 1 Provide quality products at unbeatable value
- **2** Give you the highest level of care and concern
- **3** Provide immediate shipping and prompt delivery

**ELECTROTHERAPY** Wide range of portable devices made with state-of-the-art technology

#### ULTRASOUND

Wide range of portable ultrasound devices including our new TENS/ Ultrasound combo device

#### ELECTRODES AND CONDUCTIVE GARMENTS FOR ELECTROTHERAPY

Unique, versatile body wrap system that can target a specific treatment site with great accuracy

# LIGHT THERAPY

From Skin to pain relief, light therapy provides results

#### WATER THERAPY SYSTEMS

Hot/cold water therapy system, and a cold-only system with therapy wraps to treat all body parts

#### BRACING AND SUPPORTS

Diverse range of LSO and TSLO bracing as well as ROM knee braces, and soft goods

#### INFRARED HEATING PADS

True infrared carbon fiber fabric heating pads, and our Thermotech automatic moist heating pads

## SEAT CUSHIONS

Mobility assistive and comfortable seat cushions

#### KINESIOLOGY TAPE

Speeds healing by slightly lifting skin away from sore or injured tissues

# TOPICAL ANALGESICS

Highly effective, available in generic and name-brand formulations

# TRACTION

Portable and at-home traction devices

#### MASSAGE

Self massage tools and powered massage tools

**TENS** iTens<sup>™</sup> works by sending tiny electrical signals through the skin to intercept pain signals from reaching the brain and helps release endorphins, the body's natural pain-fighting chemical.

LARGE WINGS for back, shoulder and large treatment areas

# Uultima **3t**

THE ULTIMA 3T TENS A dual-channel device with three modes of operation (B, N, and M). Its pulse width and pulse frequency are adjustable. It is also equipped with a 30, 60, 90 minute timer, and has a protective cover over the controls. The U3t is ultra slim and runs on AAA batteries that provide 2 TIMES longer life span than 9volt batteries. Over 850 continuous minutes of battery life.

PRODUCT CODE: U3TN

# ultima 5

**THE ULTIMA 5 TENS** A dual-channel five-mode device with two wave form adjustments and a large LCD screen. This device is remarkable for its function, and traditional looks mixed with new age digital style. Also includes a soft carrying case. The Ultima Five is a quality choice at a valued price.

#### PRODUCT CODE: U5

# Uultima**20**

**THE ULTIMA 20 TENS** A 20-mode device with dual channels and three wave forms. The ULTIMA 20 offers 12 preset modes and 8 manual modes. Aso includes a body part diagram for plug-in-play settings.

# PRODUCT CODE: U20B

# **Cultima**

**THE USTIM** A dual-channel device for muscle exercise and treatment of physical injury. It has 12 modes of operation that are user friendly and written in practical terms. It has two wave forms and a large LCD screen. It is by far one of the best portable EMS devices on the market.

PRODUCT CODE: USTIM

ULTIMA COMBO The Ultima Combo is our premier combo stimulator. It combines the technology of the TENS U20, and the EMS Ustim, both operating

- the EMS Ustim, both operating with a detailed and comprehensive body-part diagram.
- Dual channel device
- LED Backlight
- Patient compliance timer
- Digital body part diagram

## **X-FLEX KINESIOLOGY TAPE**

4-way stretch kinesiology tape means maxiumum flexibility. The durable, high-density fabric relieves pain and pressure from swelling or injured muscles and joints. The water-repellent but breathable tape stays on 5-7 days through showers, swimming, and workouts.

PRODUCT CODE: XFLEXBEIGE, XFLEXBLACK, XFLEXBLUE, XFLEXPINK

JOINT STIMULATION **SLEEP THERAPY SYSTEM** The JStim is a Proprietary break through in the treatment of Osteoarthritis or Rheumatoid Arthritis. It is FDA and Medicare cleared, and through combinational therapy it deploys the use of advanced electrotherapy, and true compression therapy.

**3-STRAP KNEE SYSTEM** (ELECTRODE) The JStim Knee System utilizes a high-quality knee compression wrap, and specific conductive silver fabric patches that connect to the JStim stimulation unit.

JSTIM HAND SYSTEM

PRODUCT CODE: J1000H

#### PRODUCT CODE: J1000KN

The JStim Hand System is similar to the knee system, but is worn like a glove; this particular treatment set-up consists of silver garment fabric in the shape of a glove along with a special compression glove to be fitted over the conductive components in order to block the outside current and to give effective treatments to the affected hand

PRODUCT CODE: JSTIM1000

## ABOUT THE JSTIM SYSTEM

- One size fits most
- Conductive Spray and 36" Lead Wires included with all systems
- Patent pending
- Medicare coded
- SADMERC approved
- FDA cleared

All systems include a custom carrying case.

# ADVANCED MULTI-MODE STIMULATOR The Ultima Neo is an multi-mode electrotherapy stimulator that combines enhanced TENS, EMS, Interferential, and Microcurrent. It is a dual channel device with a plug-in-play body part diagram.

The Ultima Neo operates on an high capacity lithium-ion battery which allows the user to use the Interferential function without being tethered to the wall, as well as long battery runs on the TENS/EMS and Micro modes. A charging plug and universal leadwires are included.

PRODUCT CODE: UNEO

**TOUCH SCREEN TENS** An OTC dual-channel 24-mode device that has an easy to select settings – 12 TENS and 4 muscle release modes, and a large touch screen LCD screen.

PRODUCT CODE: TSTE10

# 

IFC4000 DIGITAL The IFC4000 is a digital sine-wave Interferential that runs on a Li-ion ultrathin battery for untethered treatments. The IFC digital is a dual channel full featured digital device that is compact and portable.

PRODUCT CODE: IFC4000D

# MICRO EQC

A noninvasive means of pain relief with broad applications for acute pain. It can be used for the relief and management of post surgical and post traumatic acute pain problems. Its pulse amplitude & pulse frequency are adjustable and the timer can be set to 10, 20, or 40 minutes. specs are 0.5, 8.0 & 80.0 hz and will switch to 0.3, 8.0 & 80.0 hz.

#### PRODUCT CODE: EQC

# UltimaOTC

THE ULTIMA OTC TENS A dual-channel device that has an easy to select body-part diagram on a large LCD screen. This device is remarkable for its function, and traditional looks mixed with new-age digital style. Also includes a soft carrying case, and is approved for an over-the-counter no prescription necessary sale.

PRODUCT CODE: UOTCW, UOTCB

**OUAD STIM-PLUS** The Ouad-Stim is a combination Transcutaneous Electrical Nerve Stimulation (TENS) and Electrical Muscle Stimulation (EMS) digital device used for pain relief. relaxation, and stimulating muscles. The device has four controllable and independent output channels, each of which can be connected to an electrode pair. The device has adjustable pulse rate and width, 5 TENS modes, 3 EMS modes, 2 adjustable timers, 24 preset programs, and can store up to 60 sets of operation records. Now available as an Over-The-Counter device.

PRODUCT CODE: OUADSTIM

DTA DIA 1F-4000 4-F. (a) 17-1000 THE IF 4000 INTERFERENTIAL

An analogue Interferential stimulation device which is used for symptomatic relief and management of post surgical and post traumatic acute and chronic pain. The IF-4000 has four frequency shifts including continuous, 1/1 abrupt, 8/8 abrupt, and 10/10 ramped options.

PRODUCT CODE: IF4000

**ADVANCED RUSSIAN STIM** WITH INTERFERENTIAL A dual-channel device for muscle exercise and strength training. Powered by an AC/DC adaptor or 9volt battery. The 2500Hrz provides a deeper and more comfortable stimulation, packaged with interferential therapy for deep tissue treatments.

PRODUCT CODE: R3500

# **DIGITAL HIGH VOLT PULSED** GALVANIC STIMULATOR

Digital Galvanic Stimulation is most useful in acute injuries associated with major tissue trauma with bleeding or swelling. In contrast to TENS or IFC units, which apply alternating current, Galvanic Stimulators apply direct current. Direct current creates an electrical  $\Box$  eld over the treated area that, theoretically, changes blood 
ow and moves 
uid. The positive pad behaves like ice, causing reduced circulation to the area under the pad and reduction in swelling. The negative pad behaves like heat, causing increased circulation, reportedly speeding healing.

PRODUCT CODE: DIGIGAL

# **NEUROPATHY STIMULATOR**

The Ultima Neuro is a Neuropathy stimulator that utilizes enhanced TENS specifications coupled with a monophasic wave form to target pain associated with early onset peripheral neuropathy in the hands and feet.

# PRODUCT CODE: UNEURO-H, UNEURO-F

Available conductive garments sold separately:

SOCK

CUFF

# JUMP STIM

A simple and reliable OTC TENS stimulator that is perfect for travelling. The wired connection between active and ground allows for a "true" current loop. Offers 5 push-of-a-button programs indicated by an LED color. Includes long-lasting Li-ion rechargable battery.

# PRODUCT CODE: JS100

24 25

# softcycle

# PELVIC FLOOR STIMULATOR

Softcycle is an electrotherapy medical device kit used to train the muscles of pelvic floor. Pelvic floor muscle training can help strengthen the muscles under the uterus, bladder, and bowel (large intestine). They can help women who have problems with urine leakage or bowel control.

It is a convenient, affordable, reliable and effective solution that helps patients improve their pelvic health and gain greater control over incontinence.

## PRODUCT CODE: SC100

PRODUCT CODE: UPROBE-S, UPROBE-L

# OH!STIM

ORGASMS BACKED BY CLINICAL RESEARCH 8 out of 9 participants reported more intense arousal, better vaginal lubrication, or increased ability to reestablish orgasm.

University of Michigan scientists uncovered an effective and non-invasive treatment for female sexual dysfunction and a method to enhance an Orgasm: Electrotherapy. Light and targeted electro stimulation can improve and enhance sexual response, including orgasm.

Oh! Stim is built on the foundation of statistically significant results shown during scientific research.

PRODUCT CODE: OHSTIM

# WOMEN'S HEALTH

MEDICAL GRADE ULTRASOUND/TENS COMBO Pain affects the quality and enjoyment of life, especially for those who suffer chronic pain. The Ultrasound Combo combines electrical therapy with ultrasound therapy in one device.

Theralamp Hand Held PRODUCT CODE: TLHH

# LIGHT THERAPY

# LASER THERAPY HELMET

The Laser Hero is an advanced. FDA-cleared system for battling hair loss and preventing receding, thinning hair in both men and women using clinically proven low-level laser therapy (LLLT) and red light diodes.

The hair regrowth helmet delivers non-invasive, painless, and safe, low-level power and light energy to the scalp to energize follicles and promote natural hair growth for improved thickness, fullness, and pigment.

The hands-free design is easy to use, small in size, and lightweight, making it ideal for home use. The Laser Hero is comfortable, secure, and effective for all hair types.

# Available in two models:

# STANDARD

• 80 laser diodes and 30 LED red lights

• 7-9 months of recommended usage PRODUCT CODE: LTH100B

# PREMIUM

• 204 laser diodes

• 6 months of recommended usage PRODUCT CODE: LTH200G

ntended for seborrheic alopecia, alopecia areata and other hair loss treatment
Medical-grade semiconductor laser diodes (LD), and red light LEDs deliver uniform treatment
Dot matrix arrangement of laser light source to promote rapid hair growth
ition irradiation technology and LLLT low energy soft lazer irradiation technology
Intelligent sensor to ensure safety and effectivity during treatment
Real-time detection of temperature and humidity

# THERALAMP

# **RELIEVE JOINT AND MUSCLE PAIN RELIEF**

## **INCREASE BLOOD VESSEL RESILIENCE AND PROMOTES** CELLULAR FUNCTIONING

The Theralamp uses a special filter to ensure UV proof and high transmission of infrared heat to penetrate deep into the skin. The radiant warmth dilates blood vessels, speeds oxygen flow and increases blood circulation, helping the body to detoxify and transport necessary substances for rebuilding and nourishing body tissue. • Specially designed ceramic glass cover to safely block all harmful UV

- 200 watt power lamp with 5000 hours of life
- Adjustable tilt of 35 degrees upward and 10 degrees downward for convenient use
- One button operation with 1-15 minute timer settings

PRODUCT CODE: TL100H

# THERALAMP RED LIGHT TORCH

THERALAMP - RED LIGHT TORCH Targeted pain relief through high output red light therapy. 3000mW, 660nM and 850nm wavelength

PRODUCT CODE: TLRLT10

LIGHT THERAPY

# 

Provides controlled cold water therapy for extended periods, allowing this thermal energy to meet a variety of indications helping patients and practitioners manage pain or swelling.

- Reduces pain and swelling to help speed up rehabilitation
- Portable and lightweight
- Clear reservoir allows for easy to see ice-level

## PRODUCT CODE: PV105

The Arctic Ice System delivers localized cold therapy to patients either in the home or during their hospital visit. With a stylish new design, the AIS provides four to five hours of continuous cold therapy; lightweight and fully portable.

PRODUCT CODE: CTU2

## NEW HOSPITAL GRADE SYSTEM FOR USE IN THE HOME

The Aqua Relief System delivers pain relief to achy feet and other body parts due to arthritic pain, carpel tunnel syndrome, back pain, and many other pain conditions. The ARS delivers localized cold or hot water fluid therapy to patients either in the home or during their hospital visit.

- Hospital-grade plug
- 60 min. timer, plus auto shut off
- Hot and Cold heat settings
- Anti-interference device

\* All units for use with a universal cold therapy pad (sold separately) that fits many different areas of the body, including: knees, shoulders, ankles, elbows, calves and limbs.

PRODUCT CODE: ARS2000

# HOT AND COLD THERAPY

# ARCTICICE

## **ARCTIC ICE CLEAR**

The Arctic Ice Clear delivers localized cold therapy to patients either in the home or during their hospital vi: Offers four thermal therapy settings with auto-shutof Simple to use and offers 4-5 hours of continuous cold

**Portable:** Designed for easy portability and storage

**Convenient:** Clear cooler design for easy refill indicat

**Simple:** Easy to use by LCD & button. LCD shows the treating time, working time and temperature Comfortable: adjustable sleeves are made of soft breathable fabric.

PRODUCT CODE: CTU2C

# **COLD CUBES**

Conveniently swap out your ice and enhance the duration of continued cold therapy with our all new cold cubes. Enhance the cold therapy duration from 6-8 hours, instead of 3-4 hours when using regular ice that needs emptied.

PRODUCT CODE: CCB2

# **VERSATILE JOINT WRAP "VJW"** Conveniently wrap the universal water therapy bladder around an elbow, shoulder, hand, knee, or ankle/foot using the new and improved versatile Joint wrap.

# Střingback

#### ONE-SIZE-FITS-ALL NEW

# THE STRING BACK

#### LSO SPINAL BRACING SYSTEM

The String Back LSO utilizes a fixed wheel and string system to cinch the user into a supine position and immobilize the back region. The String Back system provides circumferential compression, and is essential in stabilizing the spine, and promoting the healing process following post-operative back surgery.

- Through our String Back technology, the brace is cinched to the spine to create an anti-gravity lift
- Breathable mesh allows for active and long term use
- Provides an anatomically correct fit and adjustable lumbar compression

#### INDICATED FOR USE FOR:

- Chronic back pain

- Stenosis
- Spondylosis

## PRODUCT CODE: SB150, SB100

• Degenerative disc disease And more!

# RapidAnkle

# RAPID ANKLE

10.00

Provides ankle support and stability with an ambidextrous design (fits left and right foot). Indicated for: Tibialis tendonitis, ankle instability, sprains/ strains, osteoarthritis, ankle fracture, and non-traumatic ruptures of tendon.

- Adjustable velcro
- Calf and lateral support
- Full flexion hinge
- Moldable foot plate

# FLIP STRETCH

# FLIP STRETCH

Inversion therapy has been used for centuries for stretching, strength building, and pain relief. An inversion table can help you counter the effects of gravity on your body by placing you at a downward angle for just a few minutes. Inversion tables stretch and release tension around the spine. helping to reduce stress, improve blood circulation, and increase flexibility.

With an inversion table, you can secure yourself in the downward position and adjust the angle of the table for ultimate benefits and stress relief.

For your convenience, support, and comfort, the backrest is hard and allows for accessories to be added.

PRODUCT CODE: FS100

BACKBAT

SPINAL TRACTION LUMBAR SUPPORT PILLOW Discover what complete back support feels like with the vertical spinal traction cushion that relieves pressure on your neck and back. Originally part of an inversion table for reducing lower back pain, this cushion can be used seated or lying down.

Use it in your favorite office chair, or in a lying down position to elongate the spine and improve posture.

The lightweight, flexible design can be easily moved from place to place, making it ideal for travel or in your favorite chair at home. With durable grippers and an elastic strap, it can be fastened into any seat.

PRODUCT CODE: BBT100

# **NeckCloud**

NECK CLOUD Neck Cloud is a portable, easy to use cervical traction device created to help relieve neck pain. Relax and feel like you're floating away on a cloud of relief.

# PRODUCT CODE: NC100

# **A**cupillow

NECK STRETCH AND MASSAGE Brings relief through acupressure massage and cervical traction. Firm but flexible design gives convenient comfort and relaxation.

# PRODUCT CODE: AP100R

# AUTOMATIC LUMBAR TRACTION DEVICE

The Dynamic Wedge Automatic Lumbar Traction Device uses heat, light, vibration, and pneumatic air to create traction in the lower lumbar region and relieve back pain.

The device is specially designed to incorporate a variety of treatments in one. The dynamic functions give the choice of a pre-programmed automatic setting, which runs through levels of traction and vibration, or manual settings, which control the intensity of traction and the option of vibration massage at 3,000 RPM. The temperature is easily adjustable, while infrared light penetrates beneath the skin, deep into the tissue where healing occurs.

PRODUCT CODE: LR100

CERVICAL

**AUTOMATIC NECK TRACTION DEVICE** Heat therapy, electrotherapy, and multifunction air traction in an automatic device for relief from neck pain.

#### PRODUCT CODE: DWC100

# **NECK TRACTION DEVICE COLLAR** This neck traction device collar gently stretches neck muscles allowing the vertebral discs to realign, freeing the nerve root tissue from pressure.

PRODUCT CODE: NTD3000

# NECK SUPPORT COLLAR

- Inflatable cervical traction unit used to treat vertebrae symptoms, disease and discomfort
- Portable and convenient for use when traveling
- Air filled neck stretching device, ideal for home or office use

# **Otheratrac**

# PNEUMATIC CERVICAL TRACTION UNIT INDICATED FOR THE USE TREATMENT AND RELIEF OF CERVICAL MUSCULOSKELETAL OR NEUROLOGICAL IMPAIRMENTS

The Theratrac gently stretches neck muscles allowing the vertebral discs to realign, freeing the nerve root tissue from the pressure of the discs. The theratrac helps "locked" neck muscles to slowly stretch and relax, allowing misaligned vertebrae to resume their normal supportive position.

The Theratrac cradles the head and neck via a curvature in the neck portion of the device, as well as a special head rest section that is vertically pneumatic. Both the headrest and neck region, inflate with over 30 lbs of adjustable pneumatic pressure to create traction in the cervical curve.

• Clinical grade, designed for the home

Innovative and effective design

# PRODUCT CODE: PCT100S, PCT100R, PCT100W

# **Otheratia**

# THERATRAC – GLIDE

Indicated to help treat and relieve herniated discs, radiculopathy, osteoarthritis, and pain or headaches due to soft tissue or joint stiffness. The Theratrac Glide is a clinical grade cervical traction device, utilizing an easy to use dial and cable ratchet system that applies traction to while in the supine position.

#### PRODUCT CODE: TTG10

# Otheratrac

#### THERATRAC – LSO INDICATED FOR THE USE, TREATMENT AND RELIEF OF CERVICAL MUSCULOSKELETAL OR NEUROLOGICAL IMPAIRMENTS

The Theratrac LSO (model TT100) utilizes a decompression system to cinch the user into a supine position and immobilize the back region. The Theratrac LSO system provides circumferential compression and decompression, and is essential in stabilizing the spine. Incremental stretching of the spinal column helps stimulate the healing process following post-operative back surgery.

PRODUCT CODE: TT100

THERATRAC – LUMBAR TRACTION BRACE A longitudinal force to the axis of the spinal column is the definition of spinal traction. In other words, pulling parts of the spinal column in opposing directions to change or stabilize damaged spine positions.

The Theratrac is an easy to use, highly functional, and very effective lumbar traction device, giving the user the ability to treat their condition at the most comfortable clinic on earth...their home.

Theratrac utilizes pneumatic bladder technology giving it the unique ability to administer a moderate lumbar decompression stretch, to gently contour the innate spinal path.
